

Reply to additional queries received for the Consulting services for preparation of “Detailed Project Report (DPR) for Providing Water Supply to Karur Municipality for Added Areas (Wards 33 to 36) including Source” Pre bid meeting held on 31.07.2019 at 3.00 PM at TNUIFSL office.

Additional written queries received from the consultants and the replies are as follows:

S. No	Issues / Clarifications	Reply
1	We request you to allow Hydraulic / water engineer instead of Environmental Specialist as the work comprises water treatment and water distribution system covering the area of supply.	No change.
2	We request you to replace Social Specialist with survey expert / surveyor as the project is of water supply distribution system work which consist of Topographic and Geotechnical surveys.	No change
3	We request you to include Electromechanical Engineer as the projects is of water supply distribution system which consists of Electrical and Mechanical Installations flow meters, etc.	No change
